In Re: Petition of South Carolina Electric & Gas Company for Approval to Participate in a Distributed Energy Resource Program)

**PETITION TO INTERVENE
BY SIERRA CLUB**

The Sierra Club, on behalf of its members who are customers of South Carolina Electric & Gas Company, consumers of electrical energy and existing or potential users of distributed energy in South Carolina, hereby petitions the Commission pursuant to R. 103-825 of the Commission's Rules and Regulations to intervene and be made a party of record in the above-referenced proceeding. In support of this Petition, Sierra Club would respectfully show:

1. The Sierra Club is the oldest and largest non-profit grassroots environmental organization in the world with some 750,000 members, 65 Chapters and over 400 local groups. The South Carolina Chapter has eight local groups with more than 5,000 members across the state. The Club's mission is to explore, enjoy, and protect the wild places of the earth; to practice and promote the responsible use of the earth's ecosystems and resources; to educate and enlist humanity to protect and restore the quality of the natural and human environment; and to use all lawful means to carry out these objectives. The Club and its members actively promote safe energy solutions including energy efficiency and renewable energy resources to combat the climate

crisis and to protect human health and the natural environment. The organization has been actively involved in promoting the development of energy efficiency, solar and other distributed renewable energy production in South Carolina. The South Carolina Chapter of the Club has offices at 1314 Lincoln Street #211, Columbia, South Carolina 29301. Members of the Sierra Club are customers of SCE&G, consumers of electrical energy and existing or potential users of distributed energy in South Carolina, whose interests will be affected by the resolution of issues in this proceeding.

2. Members of the Sierra Club are interested in participating in this proceeding to urge the establishment of fair, just and reasonable terms of service and rates that will encourage the development of net metering, energy efficiency and distributed solar and other renewable energy resources for their future use and consumption in South Carolina.

WHEREFORE: For the foregoing reasons, Sierra Club, on behalf of its members who will be affected by the resolution of issues in this proceeding, hereby petitions the Commission pursuant to R. 103-825 of the Commission's Rules and Regulations to intervene and be made a party of record in the above-referenced proceeding.
